BEATRIZ SCHAAF-GLESSER(GERMANY)

Textile artist and freelancer, teaches felt-techniques and design in Germany and abroad. The main subject in her work are themes of “migration”, “collective memories” inspired from personal and family experiences . She was born and grew up in Uruguay as a daughter from German emigrants.

I recently discovered ‘Bojagi’ as a wonderful enrichment of my artistic way of expression. ‘Bojagi’ offers me new and interesting possibilities to keep memories alive using inherited materials .
